Newsletter first quarter 2024

Annual General Meeting - March 13

This year's annual meeting was held at Sambiblioteket in Härnösand and saw both new and current investors participate. Key outcomes included the approval of the annual report and the authorization for the Board to issue new shares, ensuring future financial flexibility. The introduction of the option to hold annual meetings digitally, to simplify participation, was also included.

Alby environmental permit work

Development of the planned trout farm in Alby in mid Sweden, is advancing on schedule. An important part is the preparation of the environmental permit application, which will be sent to the authorities in May. Big Akwa have very good co-operations with the municipality Ånge, who drives the site development, with the consulting company Sweco and with the danish technology supplier FREA Solutions, ensuring that the project proceeds according to plan.

1,4 MSEK granted from Swedish Energy Agency

The project "Energy-Efficient and Competitive Production of Fossil-free Raw Materials via Industrial Symbiosis" has started together with Econova and RISE. The project is financed by the Swedish Energy Agency and project partners. The work aims at developing new energy efficient solutions for fish farm waste refinement via industrial symbiosis.

Share issue: Financial round 3

The third financial round of totaling 5,5 MSEK, has been extended until June 8. Participation from new and existing investors, both locally and internationally, continues with notable interest.

Current & upcoming events

Ongoing work includes planning of the construction phase, and preparation of the land acquisition agreement at Alby. The planned fish farm at Alby.

Decision to change company's status from private to public is aimed to be taken during the second quarter 2024. The purpose is to increase access to public investments and enhance brand recognition.

By targeting industry events and meetings, Big Akwa actively connects with potential partners and investors. Participation is planned at the following events during the second quarter:

- Blue Food Innovation Summit (UK)
- Food-tech Congress (Poland)
- Future Food Stockholm (Sweden)
- Umeå Uminova Ventures (Sweden)
- Åre Business Forum (Sweden)
